an NRG Energy company

Date: May 5, 2004

Subject: Riggs Distler's Mechanical

To Whom It May Concern,

It was a pleasure working with Riggs Distler during 2003 on NRG's Unit #3 & #4 Economizer Replacement Projects. They acted promptly, efficiently, safely and with a high degree of professionalism in completing these projects. Riggs Distler provided excellent project and on-site supervision, proper labor staffing, and tooling to complete these projects on schedule. Our schedules were very aggressive and Riggs Distler's commitment and performance has resulted in long standing relationship for future projects at the Indian River Generation Station. I highly recommend Riggs Distler on any project that is within their scope.

Sincerely,

A handwritten signature in black ink, appearing to read "Guy S. Warrington".
